JUDGE ADAMS NOMINATED

Some Eloquence is Dispensed While The Crowd Waits.

Special to the Telegram.

Raleigh, May 2, 3:17 p.m.—The Republican State Convention met at noon today. Ninety-four counties are represented. Zeb Vance Walser is chairman. No nominations have yet been made.

Judge Spencer B. Adams will likely be nominated for governor.

While the committee on credentials are out speeches have been made by Holton, Boyd, Pritchard and Blackburn.

There is a large crowd and few negroes.

Later—The following ticket has been nominated: Governor, S. B. Adams; Lieutenant-Governor, Claude Dockery; Treasurer, L. L. Jenkins; Secretary of State, J. F. Parrott; Attorney-General, Z. V. Walser; Superintendent Public Instruction, J. J. Britt; Auditor, Thos. Rollins, of Madison.

FOURTH DISTRICT FIGHT.

The Coons Would Not Surrender Everything and There Was a Row.

There was a row in the fourth district Republican Convention in Raleigh late yesterday afternoon. The coons will not give up everything and stand wholly in the background without a fight. The convention ended in wild disorder.

El. A. Johnson, colored, presided as district chairman. The convention was called to nominate delegates to the national convention. The negroes made a demand that one delegate be a negro and said if that was not done they would knife the white Republicans by staying away from the polls. Speech after speech was made by the excited negroes, James A. Young and David A. Lane, leading in this. C. T. Bailey, postmaster here, and J. M. Millikan were elected delegates; F. D. Jones and H. B. Pearson, alternates, all white. Then the negroes left and the white men met and elected Winslow district chairman, and Giles, of Chatham, member of the executive committee. The white men claim that a few negroes remained and voted with them Ed. Johnson was interviewed and said: 'I was re-elected chairman by the whole convention. The white delegates drew the color line on us. They opened the attack. Every negro delegate left. I am the legal chairman. We don't regard the after meeting as being anything. When we left the convention ended. The whites had a caucus before the convention met and fixed up their slate to freeze us out. We told them plainly that they could not rally us at the polls. Also, that we might as well be disfranchised by the Democrats as by men who pretended to be our political friends. They planned to freeze us out after we had upon their earnest urging stood out of the way as delegates to the State convention. They have begged us to keep in the background."

MAY SUE FOR DAMAGE.

Railroads Must Not Refuse Goods or Messages.

News and Observer.

A decision was handed down by the Supreme court yesterday that will probably play an important part in the settlement of the strike now on the Southern Railway.

Under it the railroad certainly can no longer decline to open its offices for the reception or delivery of freight, nor can it decline to transmit or deliver when offered.

To do either of these things will subject the road to a penalty and damages.

The decision above referred to is that of State vs. Carter, written by judge Douglass.

In this it is held that under section 1967 of The Code a railroad company is liable to a penalty of $25 a day for every day over five days that it delays in the shipment of any article of freight offered.

In the Carter decision, thirty head of cattle were offered for a delay over five days in shipping them the plaintiff recovers $750 for each day—each head of cattle being counted as an article.

This decision follows a number of precedents heretofore established. One well known case is that of McGowan vs. Railroad, from Goldsboro, decided in 1886. In that the sum of $2,875 was collected from the railroad for delay in shipment of a few bags of rice.

It is also a fact worthy of note in this connection that the plaintiff in the McGowan case was represented by the present chief justice, Faircloth.

The penalty in these suits goes not necessarily to the owner of the article offered for shipment, but may be recovered by any person who may choose to sue for it.

In case of a telegram not promptly sent or delivered, the sender or receiver may sue for damages.

It can readily be seen what an important bearing this decision must have on the strike which has closed up the offices of the Southern to such an extent that the office of the Corporation Commission is being flooded with complaints and prayers for relief.

"My wife doesn't seem to be progressing, doctor," remarked the anxious husband. "No," returned the physician. "When she gains a little strength she uses it all up telling people what's the matter with her."

A STATEMENT BY CITIZENS

SPEAK REGARDING THE AFFAIRS OF THE CITY.

Urge The Necessity of Keeping the Democratic Party in Control of Greensboro.

To the Citizens of Greensboro;

We the undersigned citizens of the city of Greensboro, in the interest of good government and Democracy, desire to make publicly the following statement:

1. The nominations for City Offices recently made on what is known as the "Citizen's Ticket" were not made in opposition to or protest against any person or persons, for no other ticket has yet been put in the field and will not be until the Democratic primaries are held on the night of May 3rd. The unavoidable conclusion is that this "Citizen's Ticket" consisting of a combination of Democrats and Republicans, and nominated after the official call was made for the Democratic primaries, was nominated in opposition to, and for the purpose of defeating the regular Democratic party or organization of the city of Greensboro.

2. We are credibly informed that the leaders of the Citizens' movement are boasting publicly that they will defeat the City Democracy on the first Monday in May, and in support of this boast are claiming that they expect to poll 150 Democratic votes, 250 white Republican votes and 300 negro votes. We are informed further that these same leaders have been most assiduous in the registration of negroes. To speak plainly, a handful of Democrats are combining with the negroes and the Republican organization to defeat the Democratic party in the city election. We call upon all Democrats who have been tempted to take part in this movement, by prejudice or real or imaginary grievance, to think again and think well. No consistent Democrat can afford to join hands with Republicans and negroes for the defeat of his own party.

3. In this year of grace and only three months from this time, there is to be held in North Carolina an election which is to give to the white people of the State for all time to come the control of public affairs. There has never been held in the State an election which means so much to the public welfare. On the eve of such a momentous contest, no loyal Democrat can afford on account of prejudice or petty grievance to desert his colors and touch shoulders with negroes and Republicans and take up arms against his own people, the party of Democracy and white supremacy.

4. The affairs of the city of Greensboro have for years been under the control of Democratic administrations, and the general continued progress and prosperity of our city is the best evidence of the wisdom with which the city's affairs have been managed. It is through the influence of a Democratic administration that the issuance of $300,000 of bonds for public improvements has been made possible A Democratic administration for 12 months with commendable care and thoroughness has been investigating how this $300,000 can be spent most economically and effectively. The fact that they have gone about this most important business with care and deliberation is evidence that they are equal to the responsibility To make a radical change now and entrust the expenditure of this vast sum of public money to a new organization responsible to no party would mean the loss to the city of twelve months experience and work and would be little short of a public calamity. Apart from politics, such a change of horses in the middle of the stream would be bad business policy for the city.

In conclusion, we urge all Democrats of Greensboro to put aside all prejudice and enmity and to attend the primaries and nominate good men and go to the polls on the 7th day of May and cast their votes for that party which stands for good government and white supremacy, and against this combination to defeat the City Democracy.

Orders all British Subjects to Leave.

Pretoria, April 30—As a result of an explosion in the Begbies Engineering Works at Johannesburg and the outcry that followed, a proclamation was issued ordering all British subjects to leave the country by the night of May 1. The following is the proclamation: "As numerous Burghers insist on the removal of British subjects over the border, I, P. J. Kruger make known to all British now in the district and town of Pretoria and Witwasers and gold fields that they must leave the State within thirty-six hours, reckoned from noon of April 30. Exception will be made in cases of such persons as obtain leave to remain from the governments recommendation was loyal.

OVER 200 PEOPLE KILLED

TERRIFIC MINE EXPLOSION NEAR SALT LAKE CITY.

Caused by the Blowing Up of a Number of Kegs of Blasting Powder—The Scene of Desolation.

By Wire to the Telegram.

Salt Lake City, May 2—Over two hundred and perhaps two hundred and twenty-five persons were killed and over a score of others crippled for life by an explosion in tunnel four, Pleasant Valley mines. The little town of Schofield, a half mile from the scene of the accident, is turned into a morgue. The people are paralyzed with horror. Not a family escaped the loss of a relative or dear friend.

The work of rescue is progressing. So far a hundred and thirty bodies have been found.

The explosion referred to is told of in a dispatch of last night as follows:

Salt Lake, Utah, May 1—A terrific explosion occurred today in the winter quarters of the Pleasant Valley Coal Mine at Schofield, on the Rio Grande Western Railroad, near Culton, Utah, by which, according to reports, over 100 people were killed and many injured. It is reported that 90 bodies have already been recovered. The cause of the explosion is attributed to the blowing up of a number of kegs of blasting powder.

The work of rescue is going on and everything possible is being done to relieve the suffering and ascertain the number of dead. Superintendent Sharp, of the Coal Company, and Superintendent Welby, of the Railroad Company, have gone to the scene on a special train. Of the dead, nine men have already been identified and six of the severely injured have been identified. A special from Schofield states positively that there have been 85 dead bodies taken out of the Pleasant Valley Mine, No. 4. There were 250 men at work in the two mines, Nos. 1 and 4. The balance of the miners are dead. The explosion is supposed to have occurred in No. 4, and extended by a connection to No. 1.

A DANGER AND WARNING.

The City of Greensboro Does Not Need in Office men Opposed to Progress and Improvement.

To the Editor of the Telegram:

The people of Greensboro must not lose sight of the fact that we are in the midst of a period of progress and development and public improvement, the most important in the city's history. In a few months time the new city hall will be ready for occupancy; the most thorough, carefully prepared reports of the experts on water and sewerage systems and street improvements are in the hands of the city fathers, and after months of careful study of many intricate points involved in the judicious and economical expenditure of $300,000 of public money, they are now ready to enter upon this important work with an intelligent understanding of the difficult subject. To call to such a task at this time new men without experience or study of the subject would, in our humble judgment, be a serious mistake; but however this may be, all will agree that it would be a fatal blunder to entrust for the next twelve months the management of the city's business to hands that are not in sympathy with the public improvements that have been undertaken It is stated, and there seems to be much good ground for the statement, that the strongest influence behind the Citizens' movement is a silent one, opposed out and out to the bond issue and the changes that are going to be brought about thereby. This is not openly admitted. On the other hand it is being most cleverly disguised. It is reported that one of the leaders who is generally known to be opposed to the proposed public improvements is making the statement on the streets that they propose to do some financiering that will save the city big money, that the plan is to issue four per cent silver bonds instead of five per cent gold bonds, which latter, it will be remembered, have just sold for 111.19. They know, or ought to know, that a four per cent silver bond cannot be sold on the market at any price, and it is believed their game is to issue a bond that wont sell. This will, of course, stop the contemplated public improvements and changes just as if the bonds had never been voted and will answer just as well the purpose of these people whose interests or inclinations are opposed to public progress and improvement. It is a very clever, sharp scheme, but it wont work if the people will open their eyes. The rank and file of the Citizens' movement have no share in this petty game, but in blissful ignorance are allowing themselves to be used by an element that would defeat all change and improvement and put back ten years the city's advancement. There are some good people who have been led away by this Citizens' movement. Let them think long and well before they leap.

We are informed that the standard bearer of the Citizens' ticket did not vote for the issue of bonds for public improvements, that he was not in sympathy with it and took no stock in it. We need at the helm at this time above all others a man who stands pre-eminently for progress.

COMMENCEMENT DAY.

High Point Has One the Best in its History.

Correspondence of the Telegram.

High Point, May 2—Yesterday was commencement day proper, and the crowd yet assembled was present. The preliminary exercises consisted of songs, scripture reading and prayer. The program began with an oration on Robert E. Lee, by J. Edward Millis, which was an interesting "starter" and nicely delivered. Following his speech was an essay on John Ruskin, by Miss Anna Coffin Kirkman, which was ably handled by the young lady. Next an oration, The Immorrality of True Greatness, by Wm. L. Charles, which was very cleverly presented. Music then thrilled the hearts of the audience. [An orchestra composed of Messrs. Arnold, Brigham, Peacock and Miss Donnelly dispensed exhilarating and beautiful selections throughout the program.]

An oration, The Power of the Press, by P. Ward Eshelman, followed. He explained what a power for good morrally and intellectually the press has been. The story of Longfellow and his Evangeline is quite interesting, and when read by one who puts the proper emphasis and enthusiasm in it the story is just that much more interesting as was evinced yesterday when Miss Annye Tomlinson read her essay. High Point has a young man who is especially gifted in oratory and he was at his best yesterday. His name is M Earle Carter, and in a masterful way delivered an oration on Technical Education. After a selection by the orchestra Miss Helen May Snow read her essay on A Woman's Value to Society. This was inspiring, beautifully spoken and listened to quite attentively. The last oration was by Virgil A. J. Idol, valedictorian of the class. He spoke on Education and Higher Life. He is also an excellent speaker and deserves much credit for his production so ably delivered. This ended the exercises by the class. Presentation of rewards came next. Rev. J. W. Goodman was selected to present the scholarships, three in number. That of the University was won by Virgil A. J. Idol; that of the A. & M. College by M. Earle Carter and the Converse (S. C.) College by Miss Helen May Snow. The Washington Irving prize, a set of the author's books, given for general excellence by Prof. Geo. H. Crowell, was won by Mr. Earle Carter, as was also the J. Elwood Cox prize, a handsome dictionary. Through love for him Mr. J. Henry Millis gave his son Edward a $20 gold piece which was presented by Prof. Crowell. Next came the graduating exercises. The diplomas were presented by Dr. W. G. Bradshaw and the Bibles by Prof Crowell Then the parting hymn was sung by the assembly, "God be With You Till We Meet Again," after which the benediction was pronounced by Rev. J. B. Richardson.

Messrs. Parker, Siccloff, Curlee, Eshelman, Russell and Hammer were the ushers.

The commencement this year has been a success in every particular and the memory of the happy occasion will be long remembered.

At night a large crowd attended the social gathering at the school building. All enjoyed themselves immensely and were loath to leave when the school bell tapped, warning them that it was time to return to their respective homes.

The Lamb Takes the Lion's Share of Nominations on The Citizens' Ticket.

To the Editor of the Telegram:

We take the floor to ask your indulgence on a question of personal privilege, a question of equity, a question of just and fair distribution of the spoils of office. The Citizens' Ticket is proposing to be elected by a combination of 150 Democratic votes (which number has in the last few days come down to 75,) 250 white Republican votes and 350 negro votes. In other words a handful of Democrats are counting on 600 Republican and negro votes to elect the Citizens' Ticket, and yet there are only two Republicans on the Ticket. The Republicans are expected to draw the whole load and are offered only two bundles of fodder out of a dozen. This is neither right nor equitable. The ratio ought to be reversed. What we want to know is, where was Boss Holton and where was Marse Spence when this kind of a fusion trade was patched up? Or is it possible that the deal was made with Mr. Armatrout and that advantage has been taken of his innocence and inexperience? Or is it true that Chairman Holton and Judge Adams did not want a big bite of this political pie, saving their stomachs for better and bigger game? Does it not look like they were a little too willing to fuse? They were ready for anything that would make for a division and undoing of the Democratic party, and are already chuckling in their sleeves at the way their friends of liberty, the fusing Democrats, are playing in their hands.

It is worth while for Democrats to think on these things.

NO MIRACLE!

Strange that so many people entertain the idea that ANYTHING WILL DO in the way of glasses. Using improper or defective lenses, they IMAGINE they SEE WELL, or if aware that their vision is below par, think it impossible for any one to improve their sight. We have many such persons fall into our hands, who almost imagine we have wrought a miracle, by simply placing a piece of glass before their eyes that entirely restores impaired or failing sight. They have failed to get such vision before simply because they have never had their eyes SCIENTIFICALLY examined or PROPERLY FITTED.

WEDNESDAY, MAY 2 1900.

A SERIOUS PROPOSITION.

We would most earnestly direct the attention of the citizens of Greensboro to the proposition suggested in certain communications elsewhere in this paper, that the real underlying cause of the present attempt to defeat the Democratic organization, is the enmity of certain people to the proposed bond issue for the purpose of city improvements. This does not conflict with our former statement that the movement was originated by a clique of Democrats, who, knowing that they would be unable to control the Democratic party, wished to defeat it. Why they wished to control, and failing in that to kill it, we have never undertaken to say.

We do not say now, but we certainly do direct the most earnest attention of the people to this subject. That anybody should undertake in any way to defeat the public improvements contemplated in this bond issue is a striking proposition. We can imagine nothing worse for the future of Greensboro than that these measures should be defeated. The Democratic party is pledged for them, and Democrats who are now opposing the organization may well be careful. This is a most serious, important, and far reaching matter.

PROCONSUL ALLEN.

Charles H. Allen, Captain Ben Tillman's proconsul of Porto Rico, assumed control of his province yesterday. As had been predicted by Captain Ben and some other enemies of imperialism and friends of the Declaratioe of Independence, the event was attended with a great deal of pomp and ceremony, of such a nature and extent as was unknown to the primitive ideas of the fathers, but quite compatible with the present rush towards militarism and the suppression of liberty.

A press dispatch remarks that there could "have been no more beautiful day to usher in Porto Rico's new governor. The streets were thronged with people. The day's exercises opened at sunrise with seranades by the bands of the Eleventh Infantry, the Fifth Cavalry and the Porto Rican regiment. The city bands also played the island and United States national airs before the executive mansion and on the principal plazas as well as while marching through the streets. The enthusiasm of the people was greater than expected, in spite of the publication in the Diario, the organ of the Federal party, of a letter from Julio Henna, of New York, suggesting that the people remain indoors and refrain from taking part in the inauguration, thereby silently protesting and showing the American government that Porto Rico is dissatisfied."

We have no doubt that Proconsul Allen presented a Mars-like appearance before the assembled throng of slaves as he formally assumed the tokens of their vassalage. Imperialism sat like a demon of wrath upon his brow as he stood before the shackled multitude of serfs to receive their enforced worship. The sun shone upon the togs of the first American proconsul and illuminated their hideousness. But the crowning scene came when the disdainful Proconsul, reveling in the pride and venom of militarism, drew his old straw hat across his eyes, took a tuck in the girdle of his pajamas, buttoned his seersucker coat across the negligee shirt which covered his manly front, and stood, like haughty Caesar, to receive the plaudits of the multitude.

A STATE OPTICAL SOCIETY.

Mr. Peck Urges That One be Established for the State.

To the Editor of the Telegram:

Having been repeatedly asked to take the initiative in organizing a State Optical Society in North Carolina, I think that an account of the low rates that will prevail during gala week a more propitious time could not be found to meet and organize. No doubt a goodly number of our opticians would spend two or three days of the week with us any way, but all who have the good of their profession at heart should endeavor to be here for this purpose alone, even if they had not intended coming to see the sights of the carnival.

Other States, Massachusetts, Pennsylvania, New York, Delaware, Maryland, Oregon, California and many more can boast of their State societies and of the good they have accomplished both in an educational way and as a means of defence in cases of oppressive legislation and for the public in protecting them from the man who travels the country with a bag of Wilson's cheapest and perhaps a few gold (plated) "specs" which he sells at any price he can get from 50 cents to $10 and in so doing not only robs the people, which is by far the lesser evil, but incidentally ruins their eyes and brings the whole optical profession into disrepute with the public

North Carolina, so progressive in every other way, has been deplorably backward in this respect and the opticians of the State owe it to her and to themselves to make up their minds that they will have a society which shall have no compeer for efficiency, even if numerically small. When they do this they will find that the public will accord them the respect and support, whereas if neglected it will not be many years before they find themselves out of business so far as this State is concerned.

I would suggest that as many opticians a possible be in Charlotte Wednesday, May 23rd, to organize, and that all who intend coming drop me a line, so I can make arrangements for a meeting room.

Hoping to have early and numerous responses, I remain,

S. R. PECK.

SAD DEATHS AT PROXIMITY

Husband, Wife and Two Children Dead and Two More Not Expected to Live.

Proximity Bureau.

We were pained to hear of the death of Mrs. W. M. Durham. She passed away at Mayo-Dan. She had for some time lived beyond the Finishing Mill and while there her husband and one child died, and since she moved to Mayo-Dan another child was claimed by the reaper death, and at the time she breathed her last her two remaining children were not expected to live This is very sad indeed but they have gone from trouble and care to meet their eternal reward.

We are sorry to lose E. J. Steed from our community He has gone to Ramseur.

We are glad to see Alex Beal and Bud Honeycutt out again after several days illness.

Mrs. White has returned to her home in Burlington after spending several days with her son, W. G. White.

The friends of Miss Mary Long will be glad to know that she is rapidly improving.

Mrs. Honeycutt is very sick and has suffered a great deal for several days.

Jas. F. Scurlock and family returned from Lexington yesterday, where they had been visiting relatives.

Earnest Stephens, a student of Whitsett Institute, is spending some time with relatives and friends here.

Lawrence Thomas has been back at his post of duty for several days. He had been out a week on account of sickness.

Miss Nannie Combs is spending the week with friends in Rockingham county.

Lloyd Eastman has been confined to his room for a few days.

Vengeance on Sellars.

A special to the Charlotte Observer this morning says that yesterday morning at Burlington, at 2 o'clock, a crowd of citizens numbering about 150 visited the jail at Graham, and showing pistols in the face of the jailer, demanded the keys of the jail. Leaving the majority of the crowd on the outside, four or five of the leaders went directly up to the cell of the negro Sellars, imprisoned for attempted assault on a young white girl, on the outskirts of Burlington Monday, and mutilated him. There was no excitement.

The Ruling Instinct.

Cleveland Plain Dealer.

"The blood of martyrs is being spilled at your threshold!" yelled the impassioned anti-expansionist. "What are you going to do about it?"

"Mop it up!" shouted the janitor in the gallery.

Art Collector—"Here is a very old painting, and as you will see, is somewhat obscure. I should like to have it restored." Artist — Yes, sir. From whom did you steal—I mean, to whom shall I restore it?"

The kissing bug again is here,
Which means, without a doubt,
Though rather early in the year,
The summer girl's about.

Senators Daniel and Martin are said to have agreed upon a Virginia Constitutional Cowvention, with the object of disfranchising negro voters.

FREE BLOOD CURE.

Ulcers, cancers, eating sores, Painful swellings, effects of blood poison, persistent eruptions, that refuse to heal under ordinary treatment are quickly cured by B. B. B. (Botanic Blood Balm), the most wonderful blood purifier of the age, made especially to cure all terrible obstinate deep-seated blood and skin troubles. Is your blood thin? Are you pale? All run down? Have you eczema? Pimples? Blotches and bumps? Skin or scalp humors? Boils? Eruptions? Skin itches and swollen? Aching bones? Rheumatism? Catarrh? Then you need B. B. B. (Botanic Blood Balm), because it drains from the blood and entire system all the poisons and humors which cause all of these troubles, and the cause being removed, a permanen cure follows. B. B. B. thoroughly tested for thirty years, and thousands cured after doctors and patent medicines had failed. For sale by druggists and Howard Gardner in Greensboro at $1 per large bottle, or 6 large bottles (full treatment) $5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta Ga.

ECZEMA = SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted.

This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease.

While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin.

External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lefa M. Hoffmin, of Cardington, Ohio, says she was afflicted with Scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefitted, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely believes she would have been in her grave years ago but for S. S. S., and adds, "what it has done for me it will do for others."

Commandant Botha, The New Boer Leader.

Review of Reviews

Although he was the youngest of the noted Boer leaders, Louis Botha, the victor of Spion Kop and Colenso, succeeded General Joubert in command of the republican armies. His stoical countrymen are slow to set up heroes, but his dramatic achievements commanded universal admiration and made him distinctively the popular leader of the war. He was the popular as well as the official choice for commanding general upon the death of Joubert, and was also mentioned as a possible candidate for the presidency of the Transvaal Republic.

Botha is only thirty-six, little more than half the age of Joubert, and, like most of the Boer leaders, is not a professional soldier, but a raiser of sheep and cattle, or, as he says, "a plain farmer," in the Vryheid District of the Transvaal. He says he is not a military strategist, although he has shown that he is a tactician of the first class. He comes of the best Boer stock, was born in Greytown, Natal; as a young man had a share in the establishment of the Transvaal Republic, and fought under Lucas Meyer in the Kaffir campaign with a success which gave him high standing as an officer and pointed to an important command for him in the present war. He has not remained on his prosperous farms all the times between his fighting expeditions, but made a civic reputation as a prominent member of the Volksraad at Pretoria. He is not only a very able man, a statesman as well as a soldier, but he has more cultivation than many of his associates. His home is distinguished from the homes of most of the prominent Boers by his fine library and his wife's grand piano. As is usual with the Boers of the better class, he has delightful home relations, and a real helpmeet in his wife, who is a superior woman. Personally, he is like Joubert, a gentleman in every sense of the word. One who has seen him in the present war describes him as a man of attractive manners and as very modest.

QUESTIONS ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and othaches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Grissom & Fordham.

Democratic Primaries.

The Democrats of the city of Greensboro are hereby called to assemble in their ward mnetings on Thursday, May 3rd at 8:30 p. m., at the following places:

First ward, Farmers warehouse.

Second ward, Lindsey street graded school house.

Third ward, market house.

Fourth ward, Banner warehouse

Fifth ward, Ross building, 112 Lewis street.

Sixth ward, Asheboro street graded school building.

At said ward meetings each ward shall select two candidates for aldermen and one member of the city executive committee. A vote shall be taken in the ward meetings for candidates for mayor and said vote for mayor shall be sent to the general convention to be held in the court house on Friday night May 4th at 8:30 o'clock.

If any candidate for mayor shall receive a majority of the votes cast in the wards he shall be the nominee of the convention. If no candidate for Mayor receives a majority in the ward meetings, then the convention shall proceed to ballot for a candidate for mayor.

In order to avoid confusion, it is requested that each ward assemble in the court house in the portion which will be assigned to it and each have a chairman and two tellers.

C. H. Ireland,
Chairman.

BOOKSELLERS AND STATIONERS.

It has been wittily said of the martyrs that they were people who were cannonaded while they lived and were canonized when they were dead. The same thing might be said of many a woman, who has been cannonaded by censures and criticisms while she lived and canonized as a saint after death.

Husbands don't mean to be small and selfish. But they can't understand the sufferings which come with debilitating drains, irregularity, inflammation, or ulceration of the sensitive female organs.

Thousands of happy women pay tribute to the wonderful change in their lives effected by the use of Dr. Pierce's Favorite Prescription. It is not a cure-all. It has a specific purpose, in the curing of diseases peculiar to women. It cures these diseases perfectly.

Sick women can consult Dr. Pierce free by letter. Each letter is treated as a sacred confidence, privately read and promptly answered. All answers are in plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

"My health is much better since I have been using Dr. Pierce's medicines," writes Mrs. Cora Brooks, of Martin, Franklin Co., Ga. "After having a miscarriage in 1896, I suffered with a pain in my left side and a lingering cough which grew worse and worse. I used Wine of C——, but it only gave me temporary relief. Last spring I got past doing anything and my husband went to the drug store and called for Wine of C——, and the merchant recommended Dr. Pierce's Favorite Prescription as better, so he bought one bottle. I began to take it as directed in the pamphlet wrapped around the bottle. The book said if the disease was complicated with cough to take Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' alternately. Mr Brooks got the 'Golden Medical Discovery' and I took it as directed. The cough left me at once and I got better so rapidly my husband was astonished at my improvement. I took six bottles of the two medicines. I am now able to work and do the washing for two families."

LAND SALE.

By virtue of a power of sale contained in a mortgage executed on the 18th day of July, 1898, by J. A. Wright and wife, Isabella Wright, to S. A. Kerr, and duly recorded in Book 112, page 274 in the office of the register of deeds for Guilford county, we will sell at public auction to the highest bidder for cash at the court house door on Saturday, May 19th, 1900, a certain lot or parcel of land in Greensboro, N. C., Gilmer township; adjoining the lands of S. A. Kerr, Mrs. S. D. Doub and others, and bound d as follows: Beginning at the stone on the northwest corner of W. B. Young's lot on Chestnut street, running thence north along the line of Chestnut street, running one hundred and ten (110) feet to a stone; thence east one hundred and sixty-five (165) feet along the line of Mrs. S. D. Doub and S. A. Keer to a stone; thence south along S. A. Kerr's line, one hundred and thirty-five (135) feet to a stone, W. B. Young's line; thence west one hundred and sixty (160) feet to the beginning. Containing one half acre, more or less.

An Odd Coincidence.

"Late one night some years ago in a western town," said an old telegraph operator, "I received a message which read, 'If you wish to see your brother alive, you will have to come immediately.' The message came from San Francisco and was addressed to an old man who lived across the street from the station, so I put on my hat and went over and delivered it, seeing that it was important that he should have it at once.

"The old man caught the train that left at midnight, and while he was buying his ticket he told me that the message referred to his brother who had left home 20 years before and from whom he had heard nothing during all that time.

"The next night a party called and asked if there were any messages for him, giving the same name as the old man who had left the night before. He must have noticed that I looked at him rather blankly, for he went on to explain that he had a brother in California who was sick and that he was anxious to hear from him.

"Well, it turned out that the message that I had received the night before was intended for him. He was a stranger in the town and chanced to bear the same name as the old man whom I had sent on a wild goose chase across the continent. Fortunately for me I was transferred to another town before the old man got back. That is all there is to the story except that it is true."—Detroit Free Press.

Sixteenth Century Apples.

Apples be so divers of form and substance that it were infinite to describe them all. Some consist more of aire then water, as sour puffs called Mala pulmonea; others more of water then wind, as sour Castaras and Pome waters. To be short, all apples may be sorted into three kinds, sweet, soure and unsavory. Sweet apples ease the cough, quench thirst, cure melancholly, comfort the heart and head, especially if they be fragrant and odoriferous, and also give a laudable nourishment. Soure apples hinder spitting, straiten the brest, gripe and hurt the stomach, encrease phlegm and weaken memory.

Sweet apples are to be eaten at the beginning of meat, but soure and tart apples at the latter end. All apples are worst raw, and best baked or preserved.

Philip of Macedonia and Alexander, his son, from whome perhaps a curious and skilful herald may derive our Lancashire men, were called Philomeli apple lovers because they were never without apples in their pockets. Yea, all Macedonians, his countrymen, did so love them that having neer Babylon surprised a fruiterer's boy they strived for it that many were drowned.—Dr. Thomas Moffett in 1575.

Plants That Intoxicate.

Bumblebees, butterflies and beetles are habitual drunkards. In some of the southern states insects alight on certain plants, drink heartily from the blossoms and fall to the ground stupefied. After awhile they rise and fly around, just as drunken men would do if they had the power of flying. Their antics are especially amusing unless one does not know what is the trouble. In this case the suspicion that the insect world has gone crazy is uppermost.

A scientist who had observed the drinking and its results collected a teaspoonful of the pollen to see if it would affect a man the same way. He swallowed it and in a few minutes found his pulse beating faster and a rise of temperature. Then he distilled some of the blossoms and gave himself a hypodermic injection in the arm. He became decidedly dizzy as a result. By further experiments he found an oil derived from these plants which affects human beings and animals alike.—New York Telegram.

The Rogue Saved the Judge.

A judge of the English high court was once arrested on suspicion of having burglarious designs on the house of a friend in Mayfair. The police officer charged him in the police station with loitering with felonious intent, and the prisoner's description of himself as one of her majesty's judges was received with a grin of sarcastic derision.

At that moment an old offender was brought in who happened to catch sight of his lordship's face, which he had good reason to remember.

"You here, my lord!" he exclaimed, with unfeigned astonishment. "Well, this beats cockfighting."

The rogue's unsolicited corroboration of the judge's declaration saved the situation, and his lordship was allowed to depart in peace.

Mike All Over.

Mr. Duffy—Mrs. Kelly, it pains me t' infarm yez thot yure hoosband has jist bin blowed oop boi a doinamoite cartridge. We found his head in wan lot, an his body in another lot, an his ligs in another lot, an his arms an fate in another lot.

Mrs. Kelly (proudly) — Begorrah, thot's Moike all over!—Harper's Weekly.

Exasperating.

"Gee whizz, how my wife does aggrawate me!"

"You surprise me. Surely she doesn't henpeck you?"

"No. It's her awful meekness. Whenever we have an argument and I'm in the right, she always sighs and says, 'Oh, very well, dear, have it your own way!' "—Philadelphia Press.

Inconsistent.

"You keep me waiting so long!" complained the customer.

"Madam," said the worried grocer, who was economizing in his business by employing only one clerk, "ain't you the woman that was in here yesterday kicking about short weights?"—Chicago Tribune.

J. C. Kennedy, Roanoke, Tenn., says. "I cannot say too much for DeWitt's Witch Hazel Salve. One box cured what the doctors called an incurable ulcer on my jaw." Cures piles and all skin diseases. Look out for worthless imitations. Howard Gardner.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Grissom & Fordham.

FOR AN EIGHT HOUR DAY.

General Strike of Building Trades Began Yesterday.

Philadelphia, May 1—The struggle for an eight-hour work day, which has been under consideration by the labor unions of this city, began in earnest today, when according to Secretary Joseph B. Allen, of the Allied Building Trades Council, workmen representing every branch of the building trades went on a strike to enforce by a concerted movement the demands of the unions.

The movement for a working day of eight hours and a general inclease of wages, averaging about twenty-five per cent, began some months ago by the amalgamation of all the trades connected with building.

Reports received by Secretary Allen at the council's headquarters in Odd Fellows' Temple, up to 10 o'clock this morning, show the following to have stopped work: Plumbers and helpers, 650; hod-carriers, 500; mill hands, 300; steam fitters and helpers, 300; sheet-metal workers, 250; hard-wood finishers, 192; floor layers, 128; Mosaic workers, 97.

AN ANCIENT BELIEF.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of siatic or inflammatory rheumatism will agree that the affliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by C. E. Holton, Druggist.

Wigg—"They say the cycling craze is over." Wagg—"Yes, the fellow who takes his girl out on a tandum must take a back seat."

HE FOOLED THE SURGEONS

All doctors told Renick Hamilton, of West Jefferson, Ohio, after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest pile cure on earth, and the best salve in the world. 25 cents a box. Soldby C. E Holton, druggist.

Some people insist upon hiding their light under a bushel when a thimble would be quite large enough for the purpose.

A FRIGHTFUL BLUNDER

Will often cause a horrible burn scald, cut or bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, felons, corns, all skin eruptions. Best pile cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by C. E. Holton, druggist.

Nell—"You look as though you had a dent in your face." Belle—"I've just been to the dentist."

IT SAVED HIS LEG

P. A. Danforth, of Lagrange, Ga. suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholy cured it in ten days. For Ulcers, wounds, burns, boils, pain or piles it's the best salve in the world. Cure guaranteed. Only 25c. Sold by

Miss Oldgirl—"I come honestly by my complexion." Miss Caustique—"Oh, I didn't mean to insinuate that you hadn't paid for it."

EDITOR'S AWFUL PLIGHT

F. M. Higgins, Editor Seneca, (Ill.,) News, was afflicted for years with piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes that two boxes wholly cured him. It's the surest pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by C. E Holton druggist.

The most disagreeable person is sometimes the one who agrees with everything you say.

VOLCANIC ERUPTIONS

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them, also old, running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains. Best pile cure on earth. Drives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by C. E. Holton, druggist.

Hoax—"What purpose in life has an old maid?" Joax—"A cat. That's usually a purr puss."

A PLEASURE AND A DUTY.

I consider it not only a pleasure but a duty I owe to my neigbors to tell about the wonderful cure affected in my case by the timely use of Chamberlain' Colic, Cholera, and Diarrhoea Remedy. A few doses of it affected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease —J. W. Lynch, Dorr, W. Va. This remedy is sold by C. E. Holton, Druggist.

No man can hope to succeed as a pawnbroker unless he takes an interest in his business.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price. 50c.

MANY LIVES SAVED.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever an opportunity offers, hoping that it may be the means of saving other lives. For sale by C. E. Holton, druggist.

AN EPIDEMIC OF WHOOPING COUGH.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and natually turned to it at that time and found it relieved the cough and affected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by C. E. Holton, Druggist.

Cynicus—"You would make a good photographer." Sillicus—"Why, I never took a picture in my life." Cynicus—"I know, but you have the gift of flattery."

"I had stomach trouble twenty years and gave up hope of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good I call it the savior of my life," writes W. R. Wilkinson, Albany, Tenn. It digests what you eat. Howard Gardner.

By the giving way of a scaffold at Albany, N. Y., Hugh McDade and Newton Lovejoy, painters, were instantly killed.

The easiest and most effective method of purifying the blood and invigorating the system is to take DeWitt's Little Early Risers, the famous little pills for cleansing the liver and bowels. Howard Gardner.

It is believed there will be a bolt from the Texas Populist State Convention and that delegations will go to conventions at Cincinnati, O., and Sioux Falls, Ia.

Not Imitators !

White Delivery Wagons have been a distinguishing mark of the Greensboro Steam Laundry for a number of years. Our customers have learned to "look out for the white wagons."

Competitors have seen fit to imitate our wagons, therefore we deem it wise to make a change.

Our wagons are now in the shop. About May 1st they will come out green, our future color. In the mean time would respectfully request our friends and patrons to BEWARE of the white laundry wagons and see to it that the right driver gets the bundle. To avoid any possible confusion, in futurr our wagons will be lettered;

CATARRH CAN BE CURED BY

Johnston's Sarsaparilla

QUART BOTTLES.

"DANGER IN THE EARTH AND AIR; DANGER EVERYWHERE."

A Wise and Venerable Doctor Talks about Advanced Science.

In a leading hotel, in a great city, a famous and aged physician was conversing. Listening to his wise and sententious discourse, were a group of well dressed men, evidently lawyers, business men and commercial travelers.

My firm belief, is "that medical science is certain yet to show that all diseases without exception are caused by invisible germs which are living organisms. Here is the germ of that terrible disease diphtheria. Here is the bacillus of typhoid fever; and here is the still more dreadful bacillus of tubercle which causes that most destructive of all diseases, consumption. This of that very common and supposed incurable disease, catarrh."

"I wish, Doctor," said the traveling man, "that you would tell us about catarrh. I have had it for years, and I am thoroughly discouraged."

The Doctor answered. "Catarrh, like diphtheria, consumption, typhoid fever, and a host of other diseases, is the result of a microbe invading the blood and attacking specially the mucous membrane. This foul and most disgusting disease is especially prevalent in the United States and it is rare to meet one who is not, or has not been troubled more or less with it. How often is he or she obliged to remain at home from pleasant entertainments, deprive themselves of many intellectual treats, from fear of the disagreeable odor arising from catarrhal affections. In its worst phase, the patient becomes loathsome both to himself and his friends.

"I believe," continued this great physician, "that the true way to heal catarrh is to medicate the blood. This can be done only by powerful alteratives which act as blood purifiers."

Betsy A. Marett, of Manistee, Manistee Co., Mich., writes:

Dear Sirs:—For ten years I was a sufferer from general debility and chronic catarrh. My face was pale as death. I was weak and short of breath. I could hardly walk, I was so dizzy and had a ringing in my head all the time. My hands and feet were always cold. My appetite was very poor. On getting up in the morning, my head swam so I was often obliged to lie down again. I had awful pains in the small of my back. I had a continual feeling of tiredness. My muscular power was almost entirely gone, and I couldn't go half a dozen steps without stopping to rest, and often that much exercise caused me to have a pain in my side. It seemed as though the blood had left my veins. The doctors said my blood had all turned to water. I had given up all hope of ever getting well. I tried the best physicians in the state, but failed to get any relief. My husband got me a bottle of Johnston's Sarsaparilla. I took it, and then I bought another. When these had been used, I was somewhat improved in health. I continued its use, and felt I was growing stronger; my sleep was refreshing, and it seemed as if I could feel new blood moving through my veins. I kept on taking it, and now consider myself a well and rugged woman. I work all the time, and am happy. I am positive that the Sarsaparilla saved my life. The sick headaches I have had since childhood, have disappeared, and my catarrh has almost entirely left me. I cannot be too thankful for what Johnston's Sarsaparilla has done for me. I recommend all women who have sick headaches to use your Sarsaparilla.

OUR MIRROR.

It Shows the People Who Are Moving From Place to Place.

Dr. Chas. Scott and Civil Engineer Pierce went to Sanford at noon.

Mrs. O C. Wysong went South on the Wilmington train today.

Mr. C. H. Smith, a lumber dealer of Sanford, returned home at noon.

Mrs. M. E. Howard went to Raleigh today to visit her son Percy Albright.

Mr. R O Chambers returned on the noon train from a trip to High Point.

Mr. John Williams was one of the returning travelers on the noon train.

Mrs. R. W. Brooks left at noon for Manchester, called there by the illness of her father.

Bishop Joseph Blount Cheshire, of the Episcopal Diocese of North Carolina, is spending the day in the city.

Miss Clive Guerrant, who has been visiting Mrs. J. N. Longest for two or three weeks, returned to her home in Danville at noon.

Mrs. T. F. Rankin and little son Robert, of Rockingham county, are visiting at the home of Mr. Will R. Rankin, on West Market Street.

Mr. Paul G. Monk, who formerly lived in this city and who has many friends here, came in this morning to attend the marriage of his brother, Dr. H. L. Monk.

Marriage This Morning.

Dr. H. L. Monk, of Madison, N. C. was married this morning at 9:30 to Miss Kate Blackwell, of Reidsville, N. C. Father Anthony performed the ceremony in the parlor of St. Benedict church. The newly married couple took the 12:25 train for Raleigh, where they will visit the parents of Dr. Monk. Their future home will be in Madison.

Death of a Former Guilford Man.

News has been received in Greensboro of the death of Rev. John C. Rankin, D. D., of Basking Ridge, N. J. The deceased was over 80 years old, and for many years had been a prominent minister of the Presbyterian church.

Dr. Rankin was a native of Guilford county and leaves a number of relatives in this section. He is remembered by many of our older citizens.

Shakespeare Club Entertained.

Miss Anna Maude Michaux entertained the Shakespeare Club last night at her home on East Washington street. The third and fourth acts of the play, "The Taming of the Shrew," were read, the different characters being taken by the members of the club. This was followed by an interesting and animated discussion of this amusing play. The next meeting of the club, which will probably be the last one this season, will be held at Mrs. Weatherly's, on South Church street.

THE CHURCH TEA.

A Most Pleasant Occasion at the Home of Mrs. Murchison.

The tea given yesterday afternoon by Mrs. Murchison, Mrs. Stroud, Mrs. Matthews and Miss Alma McDonald at Mrs. Murchison's lovely home, complimentary to the ladies of the Baptist church, was a most enjoyable affair. Mrs. Murchison welcomed the ladies in the hall, which was tastefully decorated with dogwood and honeysuckle, and the same lovely spring blossoms added to the beauty of the parlors, where Mrs. Stroud and Mrs. Matthews, assisted by Miss Applewhite, received the guests. Crabapple blossoms, and the glow from numbers of candles with pretty red shades made the dining room, where Miss Queenie McDonald served dainty refreshments, beautiful.

Rev. Livingston Johnson, in a very pretty talk, presented the souvenir cards, prettily hand-painted in forget-me-nots, on which were the dates of every Ladies' Missionary Society meeting for the rest of the year—(lest they forget)—and in the corner a small mite box to catch the stray pennies.

Wants Prof. Joyner For Alderman.

To the Editor of the Telegram:

Those of us living in the Fourth desiring future harmony among those wishing to be true Democrats should lend all their influence to select some good man to vote for as alderman from the west side of that ward. We, who live in the west side of this ward feel that heretofore we have been deprived of the respect and representation we are entitled to.

Prof. J. Y. Joyner is our choice from this side of the ward. He is a man not only of intelligence but sound in business.

Come with us to the primary which meets tomorrow night, May 3rd at 8:30 o'clock, at the Banner warehouse, and vote with us for fairness, which will be to give the west side an alderman.

How would the people of this ward up town feel if we should name both aldermen from the west side? They would say it was unjust, and we say it is unjust not to give us an alderman.

Prof. Joyner has been seen by myself and others and he says that if nominated and elected he will be punctual in attending meetings. I am with Democracy and good, fair government. Over my own signature I am.

Yours Respectfully,
ROBT. S. PETTY.

FOR GOOD ROADS ESSAYS.

THIRTY DOLLARS IN GOLD GIVEN IN PRIZES.

The Details of Mr. Wright's Offer—Should Stimulate Thought and Discussion on the Subject.

The Telegram yesterday stated that Mr. C. G. Wright, President of the Greensboro Publishing Company, had offered $30 in gold as prizes for essays on the subject of good roads. It should greatly stimulate thought and discussion on this very important subject. This is the object Mr. Wright had in view.

The money will be divided as follows:

Ten dollars in gold for the first prize article article from the eastern portion of the county.

Five dollars in gold for the second prize article from the eastern portion.

Ten dollars in gold for the first prize article from the western portion.

Five dollars in gold for the second prize article from the western portion.

The money is on deposit in the Greensboro National Bank, subject to the check of the chairman of the committee on awards.

The points to be brought out in the articles especially are:

First: That money spent on macadamized permanent roads increases the wealth of the county, and is therefore a good investment.

Second: That the proposed bond issue is the best way to secure macadamized roads for the present as well as future generations, and at the same time not increase the present authorized tax.

The conditions for the competion are as follows:

1st. The articles shall not exceed eight hundred (800) carefully written words.

2nd. The writer must sign an assumed name to his article and place his own name and the assumed name with it in a separate sealed envelope. The committee will decide which are the best articles and then open the sealed envelopes containing the real name and the assumed name.

3rd. The articles must be submitted to the editor of the Greensboro Patriot on or before the first of July.

4th. Any bona fide resident of Guilford county may compete, except those living in the city of Greensboro.

5th. The awards will be made by a committee of five business men of Greensboro, chosen from this locality that they may act in concert and with dispatch.

6th. A line passing north and south through the center of the county divides the east from the west. For instance, Monroe, Gilmer, Fentress and all townships east of them are in the eastern portion, and Centre Grove, Morehead, Sumner and all west of them are in the western portion.

The committee of award has been selected as follows: J. Van Lindley, Tyre Glenn, E. P. Wharton, W. O. Stratford, J. M. Hendrix.

The award will be made just as soon as the essays can be examined by the committee. The successful articles will be published in the Telegram.

Dr. Alderman Returns.

Dr. E. A. Alderman, who some ten days ago went to New Orleans to look over the ground in connection with his election as President of Tulane University, returned this morning to Chapel Hill.

Dr. Alderman was royally treated in New Orleans. He recalls as one of his chief pleasures, the meeting with Dr. Palmer. Dr. Palmer is over 80, but his mind is still strong and vigorous. Dr. Alderman was greatly impressed with New Orleans as a city.

He still has the matter of accepting the presidency of this institution under advisement. His friends in North Carolina are hoping that he can see his way clear to remain at the head of our own University.

Southside.

The annual meeting of the Southside Hose Co. will be held tomorrow night at 7:30 sharp. A full attendance is desired, as officers will be elected.

Must be Sold at Auction.

Mention has been made of the order of Judge Simonton that the Blackwell's Durham Tobacco Company be sold by Percival Hill, the receiver, appointed to conduct such sale. A supplemental order is filed, that the sale must be made at public auction and not to the American Tobacco Company (which desired to buy at an upset price).

Careers for Women.

The subject of Dr. Claribel Cone's lecture at the Normal College next Saturday night is "Careers for Women," an no more interesting subject could have been chosen by this talented woman, for she has made a successful career for herself.

Dr. Cone is one of the leading practitioners in the medical profession in Baltimore, and is President of the Woman's Medical College of that city and professor of pathology in that institution. In addition to this Dr. Cone is actively interested in the research work at the Johns Hopkins Medical School.

This lecture is the sixth in the course of entertainments at the Normal College, and the price of admission to those not holding tickets will be 50 cents.

TO OBSERVE THE ECLIPSE.

Astronomers From the North Coming to Southern Pines.

Several astronomers from Carleton College, Northfield, Minn., will arrive here on the 22nd inst. on their way to Southern Pines, where they will observe the eclipse of the sun on the 28 They will be joined here by Prof. George H. White and others from Guilford College. At Southern Pines the party will be domiciled in a residence belonging to Mr. J. Van Lindley, and from a good location on his property the observations will be made.

The attention of the Northfield astronmers was directed to Southern Pines by Prof. George H. White, and a member of the party writes that they will be glad to avail themselves of Mr. Lindley's hospitality.

North Carolina is in the direct tract of the scheduled eclipse, and a number of the most noted astronomers from all parts of the world will visit the State for the purpose of making observations. In addition to Southern Pines, observations will be made from Raleigh, Wadesboro and perhaps other points.

Mr. J. Van Lindley went to Southern Pines today to make ready for the party. Mr. Pearson, the leader of this party, writes that the observers will work four days, day and night, on the observations.

There will also be a government party at Southern Pines.

OPPOSITION TO THE BONDS.

Asks if that is Not the Underlying Principle of the Citizens' Ticket.

To the Editor of the Telegram:

The object of this communication is to obtain information on an important question which may greatly effect the prosperity and advancement of this city.

As you know, some few of our citizens were honestly opposed to the bond issue; they had a perfect right to their own opinions. But now it is reported that this spirit of opposition to the bond issue is the moving cause of the present Citizens' Ticket. The plan being to secure votes for that ticket, ostensibly on account of opposition to the present administration, while the main object is to do away with the present bond issue on some technicality, with a promise to issue four per cent bonds payable in silver.

This is a very serious matter. If they succeed in this they accomplish the end desired, namely, to do away in substance with the bond issue, as they know that four per cent silver bonds could not be sold. It is not necessary to enlarge on what effect such a course would have in retarding the growth of the city, as the result is too apparent to need more than a plain statement of facts. We hope you will be able to enlighten us on this matter, as we wish to know what is the main issue in this election and we are told by several of our leading citizens that the bonds lead and that all other matters are merely side issues.

CITIZEN.

AT THE POINT OF A PISTOL

A Little Man Catches a Big One and Marches Him Up Town.

An exciting event is reported to have happened in the eastern suburbs of the city this morning. A detective spotted a man in one of the houses near Bennett Seminary, but before he could arrest him, the man jumped through a window and ran down the hill, the detective in full pursuit, shooting as he ran. In dodging among the houses the officer caught his man and marched him at the point of a pistol to a carriage and brought him up street.

It is said that he man is a murderer, having killed a woman in Norfolk, Va., and a reward of $2.000 has been offered for him. The detective is reported as being a very small man while the other one is quite large.

The police know nothing about the affair and the hack driver who brought them up town cannot be found, but the occurrence actually happened, having been reported by an eye witness, whether all the rumor connected with it is true or not.

A Southern Duel.

It has been some time since "an affair of honor" has occurred in the South, until yesterday, when one occurred at Jacksonville, Fla., between A. W. Williamson, publisher of the Florida Journal, and C. C. Stansell, alderman of the Seventh ward, over an editorial accusing Stansell of accepting a bribe from the Plant System in the matter of a street railway franchise.

Both men were severely wounded and are likely to die from their injuries. The parties met on the street and the alderman took three shots at the editor and then ran.

A NARROW ESCAPE.

Young Man's Experience With an Infuriated Steer.

Salisbury Sun.

Several days ago we mentioned that Mr. Rice, living near China Grove, had lost a horse, which was killed by a steer.

Just as the steer gored the horse, a son of Mr. Rice came along and the infuriated steer at once made for him.

The young man had his gun with him. He fired at the animal, the load putting out one eye, but the animal never stopped.

After an exciting run the young man secured a pick and as the animal came upon him he struck the pick into his brain. As he did this the young man fell and the steer stumbled and fell on him. The wound made by the pick proved fatal and the steer died before Rice had time to extricate himself.

is where we stand in the lumber business. At the kicking post, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been to low and are just now getting reasonable. Your children will be glad to build at double the price is now costs you. It is a trite, but true saying, if you want to build, "Now is the time."
